BASSEM ELMOSLMANY

FULL-STACK & BACKEND WEB DEVELOPER | PMP® CERTIFIED PROJECT MANAGER | SENIOR CIVIL ENGINEER

Zagazig, Sharqiyah, Egypt | (+20) 1093727384 | Bassem_elmoslmany@yahoo.com
LinkedIn: linkedin.com/in/bassem-elmoslmany | GitHub: github.com/bassem1sttest | Portfolio: bassem1sttest.github.io/my-portfolio

PROFESSIONAL SUMMARY

Full-Stack & Backend Web Developer and PMP® Certified Senior Civil Engineer combining 10+ years of project leadership, quality assurance, and technical execution with modern web development. Experienced with PHP 8+, Laravel, REST APIs, React, Vue.js, and WordPress. Contributed to multidisciplinary infrastructure projects valued up to EGP 750 million, improved construction quality by reducing defects by up to 20%, and developed secure, scalable web solutions.

TECHNICAL SKILLS

Backend Development: PHP 8+, Laravel, RESTful APIs, database schema design, authentication and security, automated testing, clean code architecture

Frontend and CMS: React, Vue.js, Tailwind CSS, responsive UI/UX, WordPress custom theme development, Timber, Twig, Advanced Custom Fields (ACF Pro)

Tools and Methodologies: Git, GitHub, Agile, Scrum, MS Office Suite

Engineering Software: AutoCAD, SAP2000, ETABS, CSI Design Group

Project and Site Management: PMP® project management, QA/QC, inspection and test plans, scheduling and Gantt charts, cost and procurement control, risk assessment, OSHA safety compliance, team leadership

PROFESSIONAL EXPERIENCE

Web Development Intern (Full-Stack & Backend) | **July 2026 – Present**
iNetwork | Remote / Egypt

- Collaborate within an agile engineering team to develop and maintain production web applications and custom digital solutions.
- Develop backend logic, database schemas, and custom templates while following clean-code practices and supporting security and responsive performance.

PHP Web Developer & Website Designer | 05 February 2026 – 09 April 2026
Createivo (Creativo Programming & Information Technology) | Mansoura, Egypt

- Developed and designed electronic websites in the programming department, working as a PHP web developer and website designer.
- Recognized in the employer's experience certificate as an active, cooperative team member with strong knowledge of programming and computer science.

Senior Site Civil Engineer & Team Leader | **September 2019 – October 2022**
Al-Amin Construction & Contracting | District No. 12, 10th of Ramadan, Sharqiyah, Egypt

- Led day-to-day site operations, supervising junior engineers, site supervisors, and subcontractors to deliver civil projects on schedule.
- Implemented QA/QC programs, reducing construction defects by 20% and improving site operational efficiency by 15%.
- Optimized construction costs through evaluation of materials and suppliers while maintaining design and code compliance.
- Reviewed engineering plans, shop drawings, quantity calculations, and progress reports; coordinated inspections, corrective actions, and site safety.

Senior Structural Engineer | **October 2016 – August 2019**
Housing & Building National Research Center (HBRC) | Social Housing Districts & Al-Andalos, 10th of Ramadan, Egypt

- Supervised three social housing projects valued up to EGP 750 million, managing schedules, quality, cost control, and procurement.
- Tracked milestones using Gantt charts and project management software, achieving 98% on-schedule task completion and reducing delays by 15%.
- Coordinated design and construction across architects, contractors, and multidisciplinary engineering teams.
- Inspected construction materials against technical specifications and planned contractor workflows to maintain site progress.

Site Civil Engineer | **September 2015 – October 2016**
Abnaa Sahmoud for Building and Constructing | District No. 11, 10th of Ramadan, Sharqiyah, Egypt

- Executed setting-out works in line with approved drawings and specifications, overseeing reinforced concrete works and architectural finishes.
- Coordinated with planning engineers, employer representatives, suppliers, and subcontractors; supported ITP and site safety compliance.

EDUCATION

Bachelor of Science (B.Sc.) in Civil Engineering | El-Shorouk Academy, Faculty of Engineering, Department of Civil Engineering | Graduated 2014
Graduation Project: Foundation Design | Grade: Excellent

CERTIFICATIONS AND SPECIALIZED TRAINING

Advanced AI Programs & Certifications – Anthropic Education (Skilljar) – AI Fluency, Capabilities, Limitations, and Model Context Protocol (MCP) | 2026

Full Stack Web Development (TP-102) – Createivo – Building Websites Using HTML, CSS3, JavaScript, Vue.js, PHP, MySQL, and the Laravel Framework | Completed 06 October 2025 | Certificate Code: TPM68VB

Project Management Professional (PMP®) – Project management, Agile methodologies, Scrum roles, events, and artifacts | 2024

OSHA General & Construction Safety – Risk assessment, work permits, scaffolding, cranes and lifting, confined spaces, firefighting, emergency response, and safety reporting | 2023

Structural & Engineering Software Suite – CSI Design Group (2015), SAP2000 (2014), ETABS (2014), AutoCAD (2013–2014), MS Office (2016) | 2013–2016

Professional Site Engineering Diploma (120 Hours) – Eng. Hassan Kandeel Office – Practical Site Execution & Supervision | 2014

Field Engineering Training – Water Station Project – The Arab Contractors, 10th of Ramadan, Egypt – Concrete Works & Architectural Finishes | 2011
